ALL BOYS BOARDING SCHOOL AND ONE GIRL[Part 1]

ALL BOYS BOARDING SCHOOL

AND ONE GIRL

"Hey Claire?!" my mom called from downstairs. "What?" I said as I came downstairs. "Hey you remember your great grandfather owns one of the best boarding school's in the state"?

"Yes, why are you asking?" I said.

"Well Claire umm... it's an All Boys Boarding School..."

"Okay mom, so...? Why are you telling me this?"

"Claire your uncle made us an offer and your going there tonight so pack up your things your flight will be leaving at 2-"

"WHAT?!!!" I yelled she must be crazy I can't just go to school with all boys is she going nuts. Well here is the thing my name is Claire Melanie Rose and I just recently turned 17 years old I have black hair that goes to the half of my back I am 5'6 which I consider tall for a girl I have curves and according to everyone at school I'm HOT but I am a little bit shy so I ignore them but not because I'm shy because like I said it's a tiny bit its because they're jerks .My moms name is Marry Rose. I don't know much about my father no one knows what happened to him. We don't have much family here and now all of a sudden this great grandfather which is a millionaire and owns one of the most important schools and he suddenly chooses to shows up in our lives. But what I don't get is why he would want me in an all boy's boarding school. Is he CRAZY or WHAT?

"Claire it's a good school and I think it's great-"

"NO! Moms are u crazy? No don't even answer that how can you just send me to some random please with complete strangers and don't tell me my 'grandfather' isn't because neither of us know him and we haven't even seen a picture of him."

"CLAIRE! You are going and that is final pack your bags this will be good for you! And now you can meet your grandfather"

"BUT-"

"NO BUTS, NOW!" She screamed.

And I went upstairs running I knew she was mad she never got like this I only saw her once before like that and it wasn't pretty let me tell you. I was really mad at her and I am planning to give her the silent treatment. This is just great 'sarcasm' I mean seriously I have a life here and friends she must be out of her mind I mean I love her but seriously people 'COME ON..' well I better get packing no point to keep complaining.

I grabbed to big suitcases in one I packed all my cloth my shoes and my purse and the other stuff in my

closet since the suitcase what huge like I said before. On the second suitcase I paced all my hair stuff including my hair ironer and curler and my blow-dryer also my make up and pretty much all my belongings apart from that I got to backpacks one new with everything I need for school like paper, stuff to write with and folders and well you know the basics I put that inside my suitcase which had a little bit room left. The second book bag was smaller and it was like a purse style book bag there I put a sketchbook to draw, my ipod, cell phone with the charger and a small scrapbook of me and my friends with some pictures of mom and everyone I know and also my laptop in its case. I took my suitcase and bag down stairs and put it by the door. I ran back upstairs before my mom could talk to me like I said the 'silent treatment'. I took a hot shower and put on the only cloth I left outside to change after I showered it was a miniskirt with a tight long sleeve shirt that was hot pink and I put my favorite necklace on that I never left anywhere without I put on some white sandals roman style and let my black hair down which I straightened the day before. I had to admit I looked

hot but don't get me wrong I'm not conceded so big surprise I said this about myself. I called my friends and told them everything they came twenty minutes later and we said by to each other by best guy friend Parker hugged me tight and said he would miss me so much so did my other friends I would miss them all but especially parker I could always trust him and count on him for everything he would tease me and always greeted me by 'hey sexy' to tease the other guys but sometimes I thought he was serious.

ONE HOUR LATER

So much for that silent treatment I was giving my mom when we got to the airport and she started crying I had to blink away a couple of tears good thing I wore waterproof makeup. We said are goodbyes and hugged each other and we gave each other a kiss on the cheek.

"Bye mom" I whispered glancing back at her.

I got in the plane did I mention it was a private plane I mean 'WOW' it was a plane just for me school doesn't start for two weeks yet so I guess that's good. I put my earphones on turned my ipod on and left it

in my bag. My mom told me that the school was in some really far away place she dint even know the name of it was windy there mostly but not a cold windy it was more as in refreshing. I fell asleep halfway on the plane ride. Then I was awaked by one of the flight attendants.

"Excuse me Ms we are here ".

"Oh thank you" I answered I took my earphones of turned my ipod off and put It back in my bag.

Up course the whole school heard a girl was coming and they were outside waiting I could hear the guys talking. They opened the door to the plane and I glance up to see all the guys starring at me with there mouth's halfway opened I mean seriously have they ever seen a girl before in there lives they looked like they where about to start drooling. I made small laugh under my breath and looked back down as I got off the plane and then I smiled up to them I was a little bit nervous having them all staring at me I mean I felt violated I mean I had a short skirt on and my curves were showing like I told you guys would always look at me but I mean seriously I never got

this attention usually they would glance and whistle or yell 'hey your hot' across the hallways but come on I mean these guys and i mean did I mention they are fine. They where tall I mean none of them were shorter then me the least tall would still be like half an inch taller then me still.

"Hi" I smiled up at them.

"Hey" they all said in chorus still looking at me.

I chuckled a bit under my breath I mean that was just plane funny I walked up to the one closest tom me and put my finger under his chin to close his mouth and I whispered "don't drool" and I chuckled leaving him behind staring at me in shock. I grabbed both of my suitcases and a guy with dirty blond color hair and green eyes he had the same green eyes I had which was surprising because it was a weird but pretty green that almost no one had well back to the story he came up to me he was well built and cute he came up to me and grabbed both of my suitcases from me.

"Hey ill help you with that and by the way ummm... I am your cousin my name is Jake, and you are Claire right?"

"Yes" I smiled up at him; he was at least 3 inches taller then me.

"I'm glad I can finally meet you" he said smiling back at me he gave me a kiss on the cheek.

"OKAY GUYS YOU CAN LEAVE NOW" he said to the rest and laughed at there expressions. And I joined him to because you just should have seen there expressions.

Everyone left except about ten guys I was sure they where probably my cousin Jake's friends. They came up to him and looked at us.

"Hey Jake you never said I t was your cousin coming"

"That's because it was my secret I mean everyone would start bugging me" he said grinning at them and then at me.

"Awe... come on we're your closest friends" he laughed and everyone started laughing and I just

raised one of my eyebrows up and looked at him still smiling. I guess he sensed I was looking at him because he was mocking me and said "you do know you're in an all boy's boarding school right?"

"No..." I said being sarcastic and the guys laughed.

"Okay I was just making sure..." he said chuckling under his breath "well... my name is Ryan, and this is Angel, Blake, Trevor, Sam, Romeo, Nick, David, Danny and Derek" he said pointing to each one they all had white pale skin but very built and they were all cute but Ryan was the cutest and next to him my cousin but he's my cousin so don't think wrong."And don't worry about introducing yourself we know your name is Claire".

"Up course a girl comes and all of a sudden everyone knows who I am" I said.

"Yup what do you expect they're all desperate" Ryan said.

I raised one of my eyebrows and smirking at him "and... you're not right?"

"How did you know?" he said grinning at me.

"Luck guess" I said.

"UHMM... are you done flirting Ryan?" Jake asked.

"Yup... but I don't know what you mean by the flirting part" he said with an innocent smile. And I blushed looking down so they wouldn't notice. They took me to my room which I just happened to have to share with another guy and guess who, yup isn't it obvious the one and only 'Ryan'. I got my suitcase the one with the stuff from closet. And unpacked then while the guys where in the kitchen yes kitchen I mean this is like a mini apartment I don't know why they call it a dorm. Well there's only one thing to it there's only one room but at least it has one bed on the right wall and one on the left but I mean at least we each have our closest and drawers on each of our sides which separates us we have big space between so that's good. I took a shower and put a pair of shorts and a white tank top with some converse shoes and redid my makeup. Then I went outside to the guys we had had talked for a while earlier so I knew a little bit about all of them and some other guys. When they saw me coming in the kitchen they all looked at me

with wide eyes but they quickly turned around to do what they where doing hoping that I didn't see.

Ryan's point of view

We heard a noise and turned around and Claire was there she had a pair of shorts and a white tank top. We looked away quickly hoping she didn't notice and went back to talking. She looked beautiful I think I may be getting a crush on her but how I mean I just met her. And besides me, her cousin and great grandfather and the other guys I introduced her to this morning are vampires well actually everyone in this school besides her are vampires. But we are vegetarians and we only need blood ones a week and we get it from an animal. And I don't know how she would react Jake just told us that her and her 30 year old 'grandfather' which looks 30 because he is vampire and doesn't change is really over on thousand years old the rest of us are from 17 to 19 but only in human age we are really much older but still only from a couple of centuries before this on I've been a vampire for 20 years. I mean what if she doesn't like me or she gets scared after she finds out

what we are. This is very complicated Im getting feeling for her and I don't think its just a crush 'I love her'.

"Hey" she said and sat between me and Jake which by the way are best fiends.

"Hey, want to get a tour of the school and get something to eat?"

"Sure" she said smiling at me I mean she looked like an angel this was going to be along year.

"Okay. Well... come on guys lets go" we stood up and started to give her the tour.

End of Ryan's Point of View

They took me on a tour of the school and showed me where everything was and told me who everyone was that passed by us. Up course all the guy's just stared at me and whistled while we went on the tour. We went to the cafeteria and got something to eat I was starving I got 2 pizzas, a cookie, coke, chips. Well now at least I had friends now the group of friends from Jake.

"Wow, someone's hungry" Ryan said raising an eyebrow at me. He is so Hot wait what am I saying I just met him I think I'm getting a crush and we have to share the same room not in a bad way so don't think perverted people, oh this is just GREAT 'note the sarcasm'.

"Yeah I haven't eaten since two in the morning" I told him.

"Well at least you have an excuse" he chuckled. "Yeah" I said laughing under my breath. All the guys wanted me to sit with them and called us over there tables I just smirked at them. Then we left the cafeteria and went to get to the elevator to the 5th floor and everyone went to there own dorms. Now I am stuck alone with Ryan this is 'just wonderful' and I am being sarcastic. We walked to OUR dorm quietly I kept looking down and I could feel him glancing at me very now and then. He opened the room and told him"I'm gonad go change, okay?" I told him "sure he said I walked in my closet and got my pajamas it was all white and the bottom part said Angel across it in blue where it ends saying it across your but really

and the top had a pair if wings on back of the shirt. When I came outside he was already changed in some blue sweatpants and a white shirt that outlined his muscles he had dark blue eyes with a touch of hazel and he has black hair, did I mention he's Hot? right sorry. He started chuckling when he saw me.

"What?" I asked checking to see if something was wrong with me.

"Nothing... its just we match" We both had the same colors on oh great. I started laughing with him now that I noticed.

"Nice...." I said and he nodded.

I got my ipod out of my bag and dropped by accidentally he went to pick it up at the same time I did so I bumped to him when he stood up.

"Its okay" he said smiling at me we were like to inches away form each others face. And all of a sudden he leaned closer closing the small space between us kissed me and I don't know why but I wrapped my hands around his neck and held him tighter and I heard my ipod get thrown to my bed

while he put his hands around my waste and held me closer. We were making out for at least like five minutes straight. We broke f breathing heavily. And he looked into my eyes and I stared back at his. Wow what did we just do? Then he suddenly took a step back and said "sorry... I don't know why I did that"

"Its okay" I said a little bit shy I grabbed my ipod and laid on my bed and put he covers over me and I just stared up at the ceiling. I could feel his gaze on me he turned of the light and went to sit on his bed. I fell asleep but I had a nightmare I missed my mom and I had a dream that she had an accident I woke up crying and just laid on my bed sobbing with tears in my eyes. Then when I looked to the side I saw Ryan coming up to me he looked concerned when he saw my scared face.

"What's wrong? Are you okay?, I heard you scream then you started to cry " he asked me leaning towards me.

"Yeah" I whispered still sobbing "It was just I nightmare I'm scared"

Then he climbed over me and sat next o me "its okay" he whispered and held me tight. As I cried burying my face to his chest and he soothe me he rubbed his hand on my hair and my back. When I woke up Ryan was laying next to me with his arm over my waste and my head on his chest. I got up slowly to try not to wake him up but he held me tighter to his chest "where are you going" he whispered sleepily. "I'm going go shower"

"okay" and turned around to keep sleeping. I showered and put on a pair of skinny yeans with a red shirt and some shoes I put my hair on a high ponytail and did my make up. When I walked back in the room Ryan was waking up and he turned around and patted the bed for me to sit next to him. I went to him and said "thanks fro helping me yesterday" I said looking down at my hands. He sat up and said "anytime, you know I think I like you..." he said looking at me.

"I think I like you to..." I said and glanced at him and he was smiling. And with that he grabbed my face gently and kissed me like we had the night before but

with more passion. Then there was a knock at the door and we both broke the kiss. And I said id get the door. But he grabbed my hand and said "I love you... would you be my girlfriend?" I bent down and kissed him and then I moved to his ear and whispered "I love you to and yeas I want to be your girlfriend" I chuckled lightly.

"Good" he said smiling at me and gave me a quick peck on the lips as the they knocked on the door again. He got up and went to the shower and I got the door and it was Romeo and Jake." Hey" I said and they were grinning at me.

"What guys?" I chuckled at there expression.

"Ohh... nothing just wondering why so long to get the door?"

"You'll find out soon..." I said laughing at there confused faces.

Then Ryan came out of the shower and came to me "hey guys" he said as he wrapped an arm around my waste and gave me a quick kiss and laughed at the guys expression.

"Aw... Ryan you didn't even give me a chance with her" Romeo teased looking at us two while my cousin started to laugh.

ALL BOYS BOARDING SCHOOL AND ONE GIRL[Part 2]

Recap:

"Aw... Ryan you didn't even give me a chance with her" Romeo teased looking at us two while my cousin started to laugh.

"Who says I wanted a chance with you?" I teased.

"Awe... now you made me sad" he teased making a puppy dog face. And we started laughing.

To tell you the truth it was heart braking I felt like I should go hug him. For a moment I thought I saw my cousin glaring at Ryan but maybe it was just my imagination.

Ryan's point of view

Jake was glaring at me but I knew why he didn't want his cousin to think he was unhappy with this so he acted as if he was happy but when Romeo started teasing us Jake took the chance.

"Hey Ryan, can I talk with you for a second?" Jake asked.

"Sure" I said trying to sound normal in front of Claire.

We went outside the dorm and I followed him down the hallway at the far end while Romeo and Claire went to sit at the table to eat something. I knew Jake was probably going to give me a talk now. I shouldn't have rushed things between us because I don't even know she's going to react after she knows our secret but I like her and she likes me too. It's too soon I

know it's strange no girl has ever had this effect on me but she's special she's different from the rest.

"WHAT DO YOU THINK YOU'RE DOING? ARE YOU INSANE? SHES MY COUSIN AND NOT ONLY THAT BUT SHES ABOUT TO KNOW OUR BIG SECRET AND WHO KNOWS WHAT SHES GOING TO DO OR HOW TO REACT...." Jake yelled at me.

"I KNOW!! Okay? IM SORRY... But I like her I don't know she's different from the rest and I didn't mean for it to got his fast, I'm sorry okay ill tell her that we should wait and also apologize to her.

"Yeah but know there is one slight problem you're going to break her heart and on top of that she has to hear the BIGGEST secret of her entire life." He said clearly softening down but still mad.

"I'll just have to do it, okay" I whispered. And walked toward are room again he followed silently trying to act as if nothing happened so that Claire wouldn't find out about our talk. When we entered we composed our faces and Claire was laughing at Romeo that had spilled milk on his shirt. Probably just to distract her from coming after us because

sense we have good hearing he heard our conversation. He nodded at me and I knew that neither he nor Jake would tell the others that I and Claire were going out because clearly I had to breakup with her the same day I got her. I was sad and clearly I would be very jealous every time the others flirt or want her. This is going to be a long... day.

"Hey I have to go change my shirt" Romeo said clearly knowing what I had to do.

"Yeah and I got to turn some papers in the office and run some errands... bye guys" Jake waved as he went out the door following Romeo.

"I have to go shower be right back" Claire said and went inside the bathroom.

Great now I have to think of a way to this maybe if I would've control myself better I wouldn't have even been in this position in the first place. I am so mad at myself this is terrible.

End of Ryan's point of view

While I showered I wondered why Jake and Ryan went outside to talk. Romeo was being funny and making jokes and he didn't notice the plate of milk left on the table and spilled it on himself it was just to funny. I turned the shower off and put on a pair of shorts and a black tank top with my converse and blow-dried my hair and did some curls around my hair. I brushed my teeth and went to my bed to get my laptop out to e-mail my friends and my mom.

"Hey ill be back in a minute" Ryan said grabbing his stuff to shower. He was acting a little strange now but I guess he saw my confusion and smiled at me and I smiled back.

"Okay" I said.

I opened and turned on my laptop and started typing to my mom and I told her about everything and then I wrote to my friends and responded they're e-mails. I turned of my laptop and put it away as Ryan came out he looked a little bit upset he came and sat across from me on my bed and grabbed one of my hands and looked into my eyes. I knew something was going on.

Hey... Claire I just want to say first of all I'm sorry about everything I shouldn't have rushed anything, look I think maybe we're going to fast we should wait for a while before we go out I mean we just met"

I looked at him trying to hold my emotions I knew that was too rushed and too good to be true. Besides we just met yesterday and I mean I liked him but I didn't love him jet I couldn't it's impossible I mean we just me t yesterday he probably just kind off liked me he couldn't love me either we don't even know each other well. It still hurt me because I did still like him and it was like a crush I had on him. I've never been like this in my life I've never even had a boyfriend until know and apparently no longer now he was like my ex and we only lasted for a couple of hours 'WOW'. I don't know why but I feel like there is something real big going on and I am clueless and just don't know about it.

"Okay, I guess that's true" I said in a low voice. " Well umm... I'm going to go walk around" I said before one of my threatening tears would come out.

"I'm so sorry... please forgive me and don't be mad" he pleaded.

"Up course" I said so that at least one of us wouldn't hurt. "Don't worry about it" I got up and he let go of my hand slowly.

I grabbed my key and left him in the room as I went outside I let a couple of tears flow. Bu then I cheered up and thought I don't even know him well so it doesn't matter. I went to the cafeteria and I saw Jake there. I grabbed a soda and a cookie and went to sit next to him and the rest of our little group besides Ryan.

"Hey" Jake said.

"Hey, so what are you guys doing?" I smiled at him a wry smile and I knew that he knew something was wrong.

"Not much" but then he came closer and whispered in my ear "broke up?"

"Yeah" I whispered back "-but It doesn't matter because we just met it should've never happened so...

soon at least but it hurts me a little bit still you know" he nodded and smiled at me as I did back.

But then I saw Ryan come in and I don't think I want to be in the same room with him right now at least so I stood up and said bie and waved back at them. Ryan saw me and he looked sad because he saw my reaction to him that I was leaving once I saw him. I felt bad for it but but I just couldn't handle it now. As I went out the door I bumped into someone and lost my balance but to hands grabbed my arms and steadied me.

"Ouch... sorry" I said as I looked up.

"It's okay" he said. He had a beautiful voice and he was very cute he had blue aqua eyes he was well built he was tall and he had an angelic face.

"By the way my name is Mike and you're Claire... right?"

"Yeah"

"Looks like your boyfriend is a bit upset I'm talking to you" he said nodding to Ryan and he gently let go of my arms that he was still holding until now, Ryan

was glaring at Mike that was strange why should he even care.

"He's not my boyfriend" I said.

"Cool...then you wouldn't mind making ha scene to make him more jealous?" he asked raising an eyebrow at me while grinning.

"Umm..." he was about to kiss me and I backed away. "You're a jerk you know that right?" I said and left out the cafeteria.

ALL BOYS BOARDING SCHOOL AND ONE GIRL [Part 3]

Recap:

"Umm..." he was about to kiss me and I backed away."You're a jerk you know that right?" I said and left out the cafeteria.

I walked straight to my dorm I knew that this whole 'I'm sending you to boarding school' idea would suck really badly I mean common the key word here is BOYS meaning no GIRLS allowed. As I entered the

room I got a phone call from Parker my friend from back home. I was really glad he called I missed him a lot I would tell him everything about me all of the time.

PARKER- "Hey sexy, how's it been?"

CLAIRE- "Hey pookie, it's been going kind of okay". I always liked teasing by calling him pookie since heed always say the 'hey sexy' remark of his.

PARKER- "We miss you here ESPECIALLY ME" he chuckled.

CLAIRE- "Me too... so you want to know what's happened to me?"

PARKER- "up course always, but let me guess first all the guys are over you now more then ever"

CLAIRE- "yup you guessed that part"

PARKER- "I knew it you know you better not cheat on me Claire" he joked.

CLAIRE- "Sorry, I kind off did" I joked around; he's such a good friend.

PARKER- "Awe... Claire you hurt my feelings" he teased.

CLAIRE- "Sorry Pookie, anyways let me tell you what's happened to me so far"

PARKER- "okay"

CLAIRE- "Well... obviously all the guys are over me I mean when I got of the plane like almost the whole school was there with there mouths hanging open I seriously thought they would start drooling pretty soon-" he was laughing at that "-anyways well this guy came up to me his name is Jake and he told me that he's my cousin he has the same color of eyes as me, anyways he told everyone to go back inside and we started laughing at there faces, but ten of his friends that are now my friends too came over to us and we talked there's this one guy names Ryan he's very cute though I have to say there all hot-"

PARKER- "Wait... hotter then me?" he teased.

CLAIRE- "Never.... You know you're the Hottest" I said laughing and he joined in. "Anyways let me keep going, or am I boring you?"

PARKER- "never please keep going"

CLAIRE- "Alright well.. ii have to share a room with him and that night I dropped my ipod we both went to get it at the same time and we bumped to each other he well... we sort of kissed but then he was like 'sorry' or whatever that night I had a nightmare and I started crying he came and laid on my bed to comfort me we fell asleep blah blah blah, then in the morning he was like 'be my girlfriend' and I said 'yes' I don't even know why because then he broke up a while after saying it was to soon that he was sorry and to forgive him..., then some jerk tries to kiss ME! I want to go home Parker I miss YOU and everyone." By now I was crying when I said I missed them.

PARKER-"We miss you to especially ME like I said before I was being serious it's not the same with you... please don't cry Claire I don't want you to be hurt and ignore those jerks that did that to you"

CLAIRE- "than...Thank you" I sobbed.

PARKER-"But I called to give you some great news"

CLAIRE- "What is it?"

PARKER- "You're mom called me... yeah I know weird anyways she said she spoke to your 'grandfather' and that I'm going over there to because she knew you couldn't stay away from, ME!!"

CLAIRE- "OMG ARE YOU SERIUSE 'I LOVE YOU" OMG, finally someone I can trust is going to be with me"

PARKER- YUP, I'm coming over there on Friday "I LOVE YOU TOO'" he said making a girly voice on the 'I love you' part trying to mock me but I knew he did just like I this but as friends you know.

CLAIRE-"Okay I'm so exited well see you on Friday my room number is 301 hope you get a room close to mines.

PARKER- "Alright me too... well I have to go start packing and stuff"

CLAIRE- "Okay bye" and with that we both hung up the phone.

I'm really happy now because I get to have my best friend here with me and that way I don't have to be here stuck in my room with Ryan or all those guys that I haven't even met that are always staring at me.

** Ryan's Point of view**

I saw as Claire stood up to leave the cafeteria when she saw me come in. I couldn't help it but that hurt me a lot I never meant for her to get hurt or hate me I mean I like her. Hope you forgives me fore real this would've never happened If I controlled myself. As I walked to the table to Jake and my other friends I washed as Claire bumped into the schools Jerk and player out of school Mike, when we where back in our hometown he would get all the girls I really didn't like him at all. So I started to glare at him he was holding Claire's arms to keep her from stumbling but he kept his arms there. And I saw they where talking and all of a sudden he tried to kiss her I got so mad I wanted to kill him but I knew I couldn't go do anything or over react in front of everyone and she didn't belong to me anymore . Just as he was going to kiss her Claire turned around and yelled 'Jerk!' to him and walked out the cafeteria. Everyone stared at Mike but then went back to what they were doing as if nothing ever happened.

I went to see if she was alright but then I heard her talking on the on the phone and she was screaming with joy as I used my strong hearing I could here it was a guy I'm guessing her friend, he was saying that he was coming to school here with her. And she way so happy she even screamed 'I love you' even though she meant it in a friendly way I couldn't help but fell a bit of jealousy. Great another human I don't mind the girl because I like her and I mean come on she's a GIRL and we are still guys even though we are vampires but he is a gut and one I feel jealousy towards because of how close they seem to be.

As soon as I heard her say bye on thee phone I got my key out and unlocked the door. She was so happy and exited that she even forgot she was mad at me and said "hey" smiling one or her angelic smiles.

"Hey, you look happy... what happened?"

"My BEST FRIEND EVER is coming to school with us here and I am SO... happy I've known him for so long and I can always trust him and tell him everything and now his coming on Friday." She was so happy that I forgot about my jealous and gave her a hug I

wanted to kiss her so badly but I knew I couldn't hurt her again to my surprise she hugged me real tight like nothing had happened this morning.

** END of Ryan's Point of view**

I told Ryan that Parker was coming and he seemed to be happy for me and he gave me a hug and I hugged him back. And I totally forgot about what happened between us I mean we just know each other for two days it doesn't even matter I'm just so happy that Parker is coming here.

"I want to go swimming you want to come?"

"Sure"

"Go ask Jake if he wants to come"

"Sure, let me just change first"

He went to go change in the bathroom and when he came out he had some navy blue swimming shorts and his muscles where all showing because he didn't have a shirt on. I went in my closet which is huge and put ton my white Victoria secret bathing suit that had small flower designs over that where baby pink.

When I came out Ryan was with Jake and the other guys waiting for me.

"Nice..." they said.

"Thanks" I replied and I went to my bed across the room to get a pair of shorts to put so that the rest of the school wouldn't find out we were going swimming and follow us and I put a navy tank top that matched Ryan's shorts. We went outside and to the huge swimming pool and the guys started showing of making flips and while they did that I took of my shorts and tank top and got up to the board to jump in the water that was deep I did a flip in the air and twirled around. The guys just stared at me when I went to the surface I said "what?" And they kept staring at me with shock.

"Hello....." I waved my hands in front of there faces.

"How did you do that?" they said in the same time and I laughed.

"What that was nothing... I used to be in swimming and I learned to do all kinds of stuff... You guys scared?" I teased.

"No... but you should isn't that risky" Jake said.

"Not if you know how to do it, and besides what's life with a risk and a good scare?" I said.

"Aren't you scared of ANYTHING?" Angel asked, and the rest looked at me.

"No, well... I'm scared of Bugs but that's just because I think there gross I mean I could care less If you guys were from some other planet or some type of monster as long as you stay in human shape at least nothing to scary." I said which was true. They just looked at me and shrugged.

"Hope that's true" Ryan and Jake muttered. Wonder why they said that oh well it's probably nothing just three more days until Parker comes I am so exited. We got out of the pool and went our separate ways I took a shower then Ryan went in sand did the same and we went to sleep.

Recap:

"Hope that's true" Ryan and Jake muttered. Wonder why they said that oh well it's probably nothing just three more days until Parker comes I am so exited. We got out of the pool and went our separate ways I took a shower then Ryan went in sand did the same and we went to sleep.

It is finally Friday and I am so exited it is here Ryan seems kind of off since I told him Parker was coming but I don't see why. Any ways Parker called me from the plane and he should be around half an hour so in that time I'll just get ready he should be hear at 2:00pm so that will give me time. I grabbed a mini skirt and a brown t shirt that fit that made my curves show off even more I put on my white sandals and I got my curler ion and made curls all over my hair and put a light brown hair bang I looked really cute. I got out and of the bathroom and went to the kitchen to grab my favorite Ritz cracker and found Ryan with the bag opened in front of him. I went over to him and grabbed two out of his hands and held it up "thanks" I grinned.

"You're Welcome" he grinned back. "You look nice"

"Thank you... I just wanted to look nice you know since my friend is finally coming here"

"Oh... I thought I was your friend to" he said acting disappointed.

"You are-"I patted him on the head "-but I live with you and I haven't seen him for weeks" I smiled.

"Oh okay then that makes me feel better" he smiled.

"Well he should be here in ten minutes so I' goanna go meet him out there"

"Alright" he said.

I got outside of my room and closed the door and walked to the elevator at the end of the hallway. And I heard the airplane come so I took the stairs instead and raced down. When the plane landed I saw Parker getting out with a big suitcase and a book bag. When he got of the plane he put his stuff down and saw me and he came and gave a big hug. He looked really hot he had some jeans and a shirt showing all of his muscles I mean he had like a six pack he was so adorable.

"I missed you" he said as he hugged me.

"Me too" and I hugged him tighter.

"Well let's see what room you got hope it's close to mine"

"Yeah... oh and have you met your grandfather?" he asked as we walked to the building.

"No not yet I think I'm supposed to meet him like next week, and then the weak after classes start."

We reached to the office and he grabbed his class schedule and his room number. I snatched it from his hand and smiled at him when he raised an eyebrow and kept looking at me.

"I want to see what room you got" I smiled innocently and he chuckled.

"YAY!!"

"What?" he asked.

"Your room is next door to mine the one on my right."

"Cool" he said and grabbed me by the waste as we walked to the rooms and I wrapped one of my arms around him and leaned my head against him I missed him so much I mean as a friend you know. Well... at least I think so I mean he's been my best friend since like forever and can't like him like him as something more can I? Well better to forget that about that rite now. We got in the elevator and reached to the dorms I shoed him his room that was

right next to mine. And he was sharing it with some gut named Zack. They introduced themselves and got along pretty quickly he unpacked his stuff then I took him to my room next door and introduced him to the guys which where all there but I couldn't help but notice that there was some shock behind all of there faces including Parkers but I ignored that maybe I was just imagining things. They started talking and made friends fast. We where all sitting in the couches and I sat next to Parker while he had an arm around me and I leaned against him.

Ryan's point of view

I can't believe this Parker as Claire introduced us was a VSMPIRE I thought he was suppose to be human too. That was a big shocker for all of us including him but in the same time I was glad except for the fact he came here in the first place. When we sat around he had his arm around her pulling her close to him and she leaned against him I couldn't help but be jealous but I shouldn't I mean there just friends, right? I mean nothing more well at least that's what I hope

this is so unfair why cant I be with her I mean he IS a vampire too.

End of Ryan's Point of view

Eventually I fell asleep in parker's arms since they were talking so much. Parker was shaking me softly and asked if I was hungry and I nodded. We got up and went to get lunch and as we ate me and Parker talked a lot about everything and making plans for tomorrow. And he said that he had this big secret he never told me before that he would tell me on Sunday. We went to our rooms and we said goodnight he gave me a kiss on the my cheek but close to my jaw and said "goodnight sexy" loud enough for everyone to hear that was around us and that meant Ryan since he was opening the door he was glaring at the doorknob as he opened it and I told Parker " Parker... stop trying to make him jealous he's the one I told you about what happened" I whispered and gave him a kiss on the cheek.

"I know" he said "-I figured it out but still I am ALWAYS going to call you that because one that's my

special name for you and two you are sexy" he grinned at me.

"Okay Pookie hold your horses" I teased.

"I would but I don't have any horses" he teased back.

I tried glaring back but I couldn't and I just had to start laughing. And he gave me a bear hug. "Cant breath.." I said and he laughed at let me "goodnight" we said and I went back in my room. I laid on my bed after I changed since Ryan was already laying down on his bed and soon I fell asleep.

Recap: I tried glaring back but I couldn't and I just had to start laughing. And he gave me a bear hug. "Can't breathe..." I said and he laughed at let me "goodnight" we said and I went back in my room. I

lay on my bed after I changed since Ryan was already laying down on his bed and soon I fell asleep.

Chapter 5:

The next morning I was waking up to be shaken and guess who it was, yup the one and only Parker. He was screaming "wake up! Wake up! You're supposed to go to your grandpa today".

"Uhhhh... one more minute please" I said sleepily turning to my side.

"No, NOW!! Come on" he was tugging on my arm"

"OKAY, sheeh you're like a little kid" I said as I got up I took a shower put on a pair of light skinny jeans and a tight blue shirt that has HOLESTER across and a with sweater that also showed my curves and I did a high ponytail then I did my makeup which was some mascara, eyeliner and lip-gloss.

"Done!" I said as I came out.

"Wow, you look Hot" parker said and I just chuckled and shook my head and I saw him smirking.

"So do you" I said.

"I know" he said and I just laughed "you have a big ego, you know?" I said

"Yup"

"Good at least you realize it"

As Ryan came in through the door with the other guys and they all said "hi" in the same time. It was peaty funny we started laughing and Parker came and put his arms around my waited and pulled me close to him I turned my face to see him and raised an eyebrow at him and he was just smirking down at me. Then I remembered what he said and why he woke me up in the first place. And I quickly got out of his grip he looked at me confused.

"Hey, when u woke me up you said I was meeting my grandfather I thought that was suppose to be a couple of days after not today"

"oh... yeah but Ryan told me that your grandfather wanted to talk to you sooner a big secret so I'm goanna tell you mine to with them"

"Oh, okay I guess...." I said a little bit confused why would tell me his secret in front of everyone.

"Alright guys lets go" my cousin said standing next to Ryan and the others behind them both. We went out the door and I locked the dorm and we started walking to the office.

** Parker's point of view**

Today me and the guy's went over to Clair's grandfather and we talked and decided to say the big 'we're vampires' secret and I am finally going to tell Claire the only secret I've kept from her that I am also a vampire I am kind off worried about what her reaction will be she is my best friend. We flirt around but just joking around I thinks she's is hot and sexy and all those things I say to her and I do love her but as a friend she is like the sister I have never had. But I am trying to make Ryan get jealous so he can make a move toward Claire because I know they like each otter he broke up with her in the first place because he was worried about her reaction towards 'vampires'. I want them to be happy together because Claire deserves it. I told the rest of the guys and her

cousin and they agreed to it since there wont be a secret anymore she knows the truth and she can make a decision.

End of Parker's point of view

RYANS POINT OF VIEW

I'm nervous I hope Claire accepts that we are vampires I really do like her maybe we can be together then. But I am jealous that Parker is so close to her in everyway like he knows everything about her gets to hug her and I don't even know what to do. Hope this turns out good.

END OR RYANS POINT OF VIEW

Clair's point of view (norm.)

We just walked in to my grandfathers office but I didn't see him I only saw a young handsome man about in his 30's. He came up to us and gave me a hug and a kiss on the cheek and said "I am so happy I can finally meet you I see you have met your cousin I

am you grandfather" I just stood there shocked I mean, WHAT? Aren't like grandfathers suppose to be old wrinkly you know like the USUAL. He walked back to behind a chair and everyone took a seat and I went to sit to still very surprise confused and so many feelings and thoughts going around my head.

" I know you must be confused" my 'grandfather' said. "My name Is Dave-" he continued "- oh and what I am about to tell you have to promise not to tell anyone else that doesn't belong to this school because what I am about to tell you here is about EVERYONE that assist this school including me and your friend Parker" I just nodded kind off confused to something that can be so big and Parker what does he have to do with any of this.

"Yeah because I am one too and I PROMISE you that is the only thing I have ever kept from you" parker said.

"I believe you" I said. ".

"okay" he nodded.

Then Dave my grandfather said "okay so here it goes we... um w-we are Vampire"

I just stared at him and then I looked at one by one and I stayed to laughed under my breath looking at the floor. I could feel them all staring at me and to tell you the truth half of me believed them while the other just said ARE YOU OUT OF YOUR MIND they are lying. I looked back up and said "ok, umm... I don't have a problem with that as long as no one hurts me or tries to kill me IF that is true because I don't judge people by what they are or look like I'm open minded BUT if you really are what you say you are prove it." I said seriously looking at my grandfather then at everyone else but I left Parker and Ryan for last that were sitting next to each other they were staring at me as if surprised by my reaction.

Third point of view

Everyone in the room was surprised that Claire took it so great they were relieved and happy but now they have to prove it to her with out scaring her. Parker was happy that his friend excepted him and

everyone else was happy too. Ryan was surprised and happy now he actually had a chance.

END OF 3rd point of view

Claire's point of view

"Okay Claire lets go outside and we are going to prove it" my grandfather said. And everyone nodded. We got up and went in the woods that surrounded the school. Then they started to do things so incredible they had inhuman speed, hearing, strength and my grandfather attacked squirrel and drank its blood in front of me. I have to admit THAT was gross but I dint show it though.

"Okay guys I believe you, you can stop now" I said smiling. I was happy to know there secret and I wasn't scared so that is good I felt just as comfortable with them as ever. They looked at me pleased.

"So, you okay with this?" Ryan asked a little bit worried. So I went up to him and gave him a hug he seemed surprised but he soon hugged me back.

"Yes-" I said releasing him but stayed in close to him standing in front of him "-of course I mean my best friend ever is a vampire-" I said pointing at Parker and he grinned back at me "-and all of you guys are my friends now and I mean my cousin and grandfather are too and to tell you the truth I think this is awesome"

"Cool" he said smiling he looked so cute.

"And umm... this may be awkward and weird but is that why you broke up with me?" I said kind of embarrassed and I was blushing but I looked down quickly to hide it but I'm sure they can feel the heat on my cheeks.

"Yeah..." then he stepped closer to me and whispered in my ear "you look cute when you blush" which made me blush deeper I herd him chuckle he grabbed my chin up. And I looke up and turned my face around and we were the only ones left in the woods.

"Where are the rest?" I asked.

"They left us here, they had to go do things" he said. Then he grabbed my chin again and made me face him.

"I really like you and I thought maybe we can try again?"

"Yeah" I said.

"Alright how about we head back to our room and one more thing will you go on a date with me?"

"Up course, you had to ask" I said smiling and he gave me a quick peck on the lips and grinned at me I was so happy and exited. We walked up to our dorm and I changed and went to my bed I laid down and put my I pod on to one of my favorite songs 'Good girls go bad' by Cobra Starship. Ryan came out of the bathroom and was changed to some pajama bottoms and a white shirt he came over to me and gave me a kiss on the my cheek and said 'night' and I said the same back and gave him a hug he went over to his bed and soon sleep came over me with sweet dreams.

Chapter 6:

Claire Point of view(norm)

The next morning i woke up to something soft touching my skin i slowly opened my eyes to see Ryan sitting on the edge of my bed stroking my cheek gently and smiling down at me i smiled back he gave me a soft kiss on my forehead.

"Good morning sleeping beauty" said Ryan

"Hey, what time is it?" i asked my voive husky from sleep.

"ummm.. let me think 1:00pm you missed breakfast you scared me-" he chuckled "-if it wasnt for your breathing i would've thought smething happened to you" he grinned.

"WOW guess i was tired, and hey...dont mock me" i playfully punched his arm"

"oh so you want to start something now dont you" he said palyfully and he sat over me and started tickling me i was laughing so much i think my cheeks went from pink to red as a tomatoe.

"stop... Ryan" i said betwwen breaths still laughing.

"Nope... well...unless you give me a kiss" he smirked.

"Ok...ok" i laughed gasping for breaths.

He finally stoped he leaned down still over me and heald me by my waist and kissed me softly and i automatically kissed him back soon the kiss got more passionate that we had to stop to breath well me atleast since hes a vampire.

He leaned down and said i like you alot..." he whispered against my mouth."Me too" i said and kissed him gently one more time i dont know if we are going to soon or not but i like him alot and maybe eben get to LOVE him as we spend more time together and get to know eachother. That day we spent talking about ourselfs and we showered

seperatley of course and then we went to eat to the cafeteria with the guys and talked Parker was really exited when he saw me and Ryan together.Tommorow is our first date im so exited nothing could possibly ruin it or get between us. It started raing and thundering wehn we got in the room we changed and then went to bed. But i was to scared because it was thundering and i was shaking Ryan came to my bed and asked "whats wrong".

"im..im scared of the thunder can you sleep here with me tonight please" i whispered.

"sure... dont be scared im here i'll always protect you" he said and got in bed with me he wrapped his arms around my waist and held me against his chest i layed down my head on his chest and huged him tight he kissed my forehead and like that we fell asleap.

Point of view: Claire

The next day I woke up to an arm around me and I smiled I leaned into him more and I raised my head a little bit and looked up at Ryan he had hi eyes closed he was still sleeping but it was funny he was holding until me like I was going to leave or magically disappear I could help but give a small giggle. I gave a small peck and he smiled mumbling I guess he was dreaming wait till I tease him about sleep talking. In his low mumbling I hear him say 'I love you Claire I can't wait till we get married'. I gasped and chuckled and I decided to play around a bit so I leaned in and whispered in his ear 'me too baby' and I couldn't help it I started laughing and Ryan jumped up really high from the bed startled wish just mad me laugh harder and pointing at him he just looked at me like I grew another head which by the way made him looked cute when he did that expression.

"I love you Claire... I can't wait till we get married" I mimicked and giggled. He was blushing and I leaned over and gave a small kiss and he said "don't mimic me missy your getting a habit" he said playfully

kissing me back. "I can't help it" I said smiling innocently. And our kissing turned out into a make out session that left me gasping for air since vampires don't really need to breath, he moved onto my neck and I had to suppress a moan he bit don't gently and I could feel him getting blood and all of a sudden he said "omg Claire I am so sorry I didn't meant to" but the truth is it didn't hurt I liked it , it felt good so I gently put my hand on the back of hiss and gently pulled him back to me "no.... I don't mind... go on"

"Are you sure" he asked and I knew he wanted to badly but he was afraid to hurt me but I trusted him so I nodded. And gently he began to get blood again and this time I let out the sounds I couldn't help it he liked the bite shut and nibbled on my ear and trailed kisses all over my face.

"common you have to get ready for our date remember" he smiled at me and I couldn't but smile back it was contagious I gave him a quick peck on the cheek and he got of me he went to shower first and got ready then go hang out with the guys and said he

would pick me up in 40 minutes so I went in the shower and took a warm shower I dried myself and sprayed perfume, pu ton cream and everything else I needed then I did my make up light I wore a casual white dress up to my knees and my ballerina shoes with a simple necklace and a bracelet. As soon as I was don Ryan came through the door and looked at me with wide eyes but quickly composed himself he came up to me and said "you look beautiful" and he hugged me and I hugged him back we stayed like that for a minute then he went to change he looked HOT he had light jeans on and a casual but jet kind of formal shirt that hugged all his muscles. We smiled at each other and walked out hand in hand I had a lot of fun on our date we went out to eat at a semi fancy restaurant that was beautiful and we talked about everything about us then we went to games works and started to play games and joke around after we took a long walk on the beach hand in hand. We both had a great time we both headed back to the dorm and gave each other a goodnight kiss after we showered and got our pajamas and we went to sleep it was one of my best days ever. I feel like ive known

him my whole life he is just so sweet, beautiful, kind, a gentlemen and so much more I think I might just fall head over heals for and this might just be the begging of a long happy relationship and with that thought I drifted to sleep dreaming about me and Ryan.

Point Of View Claire:

Today i woke up and Ryan wasnt there i felt a note on his pillow and i slowly opened my eyes.

It said:

Dear Claire,

I'm sorry that i couldnt be there to wake up with you but i had to go hunt with the guys today 'love and kisses', i wrote you a poem it's kind of emberessing but here it goes i kind off wrote it before we went out and you got mad at me :), and i'll see you later i'll be missing you.

"Everyone says"

Everyone says we are meant to be,

I agree

Everyone says our love is unbreakable,

Do you agree?

Everyone says to confence,

Confess what?

Eveyone says for YOU to confess,

Arnt we both confused?

Everyone says open your eyes and see,

I ask, see what?

Everyone tells us to realize what's in front of us,

Everyone says we know but shy away,

Do you know what I say?

I say I love you,

Do you love me?

I'm afraid to let you know,

Are you?

Do you love me too?

Today you told meunder the stars 'I love you',

Eveyone says 'told you so',

Do you know what I say?

Me too and I love you.

Awww... how cute I really like him he is so sweet. A little while after he came in with his hair ruffled in a sexy way. I ran to him and jumped on him putting my arms around his neck and woud my legs around his legs stradling him. He caught me as soon as i jumped on him supporting me with his hands and taking me to the couch while laughing and i started kissing him.

'Your so adorable, i loved the poem'

'really?' he asked

'yeah'i whispered against his lips.

'We spent the rest of the day snuggling with eachother he is just the cutest thing ever.' i thought to myself.

SAY MORE OR I WILL SPOIL IT YOU'LL KNOW WHAT I AM TALKING ABOUT AS YOU READ.

Claire

The next day I was so excited we were all going to a carnival and I wanted to go on all of the rollercoaster's they are going to have. I was getting ready to go the guys left a while ago to get ready for the carnival. I came out of the shower and curled my hair and put on a pair of blue shorts and a black shirt that says 'SWEET AS CANDY...YUM!!' in red letters with a piece of candy and lollipop under the words I put on some black converse and put my cell phone and money in my pockets. Ryan came out with some jeans and a black shirt that said 'HOTTY' in red letters. Wow he was a hotly (lol) after all and it was kind of funny because in a way we are matching.

"Hey hotty" I giggled.

"Hey sweet's" he replied smirking his sexy smirk at my shirt.

"We kind of match" I said.

"Yup" he came over to me and put his arms around me and gave me a short but passionate kiss.

Right then the guys came in 'hey guys' we said at the same time and we looked at each other and started laughing. We went to the carnival and we were having so much fun we going to go on a last roller costar and it spins and everything its so cool. All of a sudden its starts spinning out of control good thing e weren't on the top one anymore we were and the second floor rail of the rollercoaster or I would have died because obviously nothing is going to happen to a vampire. Oh oh! Spoke too soon.

"Ah!!! Ryan! Ryan!" I saw Ryan about to reach me when all of a sudden everything went black.

Ryan Point of View

NOOOOOOOO! Nooooo...! I cried 'this can't happen it can't please no' I cried I love her even though we have been together one month it feels like I have known her for my whole life. Truth is she well I found out that she is my soul mate every vampire finds one and I cant loose her she's means everything to me my whole life the only thing I live for what I

wake up in the morning for. Seconds later the roller coaster stopped spinning and I saw Claire I quickly jumped before any human can see me and the guys my best friend her cousin how is going to deal with this how is anyone else, how am I going to deal with this.

"Claire!! No you can't leave me I LOVE YOU" I yelled.

All around people were screaming and people got injured. All the guys gathered around and I knew we had to take her home before anyone else can see or hear us. Her heart was beating slower then what the human heart has to beat and I knew that we had to make a choice and we didn't have much time. When we arrived home everyone had silent tears and so did I except I couldn't control my quiet sobbing. I held Claire protectively against me I didn't want to let her go I was afraid but not for me but for her she's my everything. And now to the final decision either she dies or she gets turned into a vampire. And I know what I have to do me being her soul mate has to be the one to turn her. We all nodded to each other we all knew it. I carried her to our room and laid her

on her bed gently I cleaned up her cuts and put medicine on them. And now I have to turn her I gently leaned in on her looking at her 'I love you now we will be linked as soul mates with each other's blood running through our bodies' I placed a gentle kiss on her lips. Then I moved on to her neck and bit down while our blood exchanged. I waited by her side for a while, the guys came in and checked on her and after a while they left to sleep. I laid next to her and held her to my chest. 'I love you so much' I whispered in her ear.

"Ryan... I love you too, why do I feel different like strong and better scenes" she whispered.

Clair's point of view

I looked at Ryan for a second and somehow I felt like I was linked to him in some way and I felt like he was my soul mate the guy that I would love for the rest of my life well scratch that 'Forever' was more like it. Wait, WHAT? Forever? As in I'm a vampire and living forever?

"Can you repeat that?" I asked him and not because I couldn't hear him well I heard him better then I've heard anybody but because I wanted to make sure I wasn't dreaming.

"Baby...'" he grabbed my face gently in his hands and rubbed soothing circles on my cheeks "-you're a vampire now it was the only way for you to live when you fell off that roller coaster... you got really hurt and you were dying I am the one that turned one that turned you because well...-"he had a tear on his eye from saying about my almost death experience he really does love me, but why is he nervous now?

"What sweetie?" I asked placing my hand over his, he looked at me so tenderly and when I called him 'sweetie' his eyes had a sparkle to them.

"Claire, we're soul mates-"he paused to see my expression and then continued "-you see... every vampire finds a soul mate someone made especially for one another like that's what they were born for to make each other happy and share special abilities I suppose you can say in our case since I turned you and we have our blood in each other we are bounded" he finished explaining.

"Claire are you okay?" he asked me shaking my shoulders softly.

"Yeah, I mean wow this is so much to take in but I know your rite and I believe you because I feel it, and I'm okay with it because I love you too but I am a little scared about all of this". I say to him and I smile up at him.

"Good because I love you too, and I know what you're feeling its part of the 'soul mates' thing" he grins at me.

I chuckle and shake my head slightly I lean to him and give him a peck on the lips and I give him a big hug and he hugs me back tightly. 'I missed you so much even for just that little while I couldn't hear your voice' I heard in my head but it was Ryan's voice. I got startled and leaned back giving him a confused look.

"Maybe I should explain more about our bonding abilities"

"I think so too" I said.

"Okay well pretty much we can send messages to each other's heads when we want too, feal each other's emotions, and when either one of us is in

danger we can feel it and automatically know where the dangers at" he finished grinning.

ALL BOYS BOARDING SCHOOL AND ONE GIRL [Ch 10 2/2]

"Really?' i asked excitedly "Is their anything else we can do with our connection?"

"well yeah..." he mumbled trailing off and he was blushing

"what is it baby?" i asked grinning at his emberssent

"well..." he mumbled "- If you were to be pregnant the week after i would know and when the time comes i can already know the babys gender"

"awe thats so sweet" i said

"really?" he asked shyly

"yeah, i mean were gonna need it sometime or the other" i smiled and his eyes shined with excitement and he pecked my lips.

A couple of minutes later my grandpa, my cousin and my friends came in the room. They ran to where I was and started hugging and talking to me at the same time. Which you can imagine all that hugging at the same time ended in Ryan falling of the bed and me laughing. When the guys finally heard me they followed my eyes to where I was looking and saw Ryan and they started laughing too it was just too funny the face he put.

“Awe… come on babe did the mean boys hurt my baby” I teased as he got up and sat next to me pouting it’s just so cute when he does that face.

“Humph” he pretended to be mad which made the guys and my grandpa laugh more and the teasing started.

“Aw… where’s your booboo so I can kiss it better” and he pointed to his lips I laughed but kissed him anyways.

“Ewe guys… Ryan stop that’s my cousin not in front of me”

"And my grandchild" my grandpa interupted with amusement

“Dont be such a baby” I said hugging him and giving them both a kiss on the cheek.

“Ha ha” they said sarcastically but still chuckling.

“Sweetie…where is my favorite great granddaughter” my grandpa said opening his arms even though instead of looking like a grandfather he looked like a supermodel as I spent this time in the boarding school I’ve grown close to him and also learn a lot about him and my other friends. Quickly I reached for him and hugged him back.

“Grandpa!!!” I giggled as he picked me up spinning me around.

“Wow now you’re like the rest of us and we get to keep you forever that is if Ryan over here shares” he laughed putting me down next to Ryan on the bed who now was sitting and hugged me close to him.

“Hmmm… that’s hard I’m going to have to think about it-” he teased and I playfully slapped his arm “-kidding but I’m just not sharing with any other guys out there only our friends and your grandpa, you’re my girl” he smiled and I smiled back.

“Up course” I said.

Awe crap I just remembered my mom and Parker I have to call them though I am pretty sure I can’t tell my mom about the whole vampire thing I mean come on what am I supposed to say ‘hi mom just calling to tell you I almost died but hey don’t worry I was turned into a vampire by my soul mate’ yeah rite like please she would get a heart attack at the moment and plus I really don’t think I am allowed unless she already knows about vampires because of my grandfather. But Parker I definitely have to tell

him he is so going to go crazy. I gasped oh I haven't seen my new vampire look in the mirror.

"Guys!!" I yelled

"What, what happened!?" they were asking me worriedly.

"I have to call Parker and tell him AND I haven't talked to my mom in like two weeks AND I haven't seen the new me which I should say I should look hotter" I said but joking around on the last part.

The guys started to laugh but then started smirking Oh no I know that look, Blake and Danny came and picked me up and I screamed as the others laughed until they put me down in front of a mirror.

"Hey Mr. Boyfriend slash soul mate thanks for helping out your girl" I said pouting.

"Awe babe they were just kidding… you know I love you besides we are just trying to show you that you ARE even hotter now and you are all mine and they can't have you they are just being jealous" he said sticking his toung out at the rest.

“Hey no we're not” said Sam sticking his tong out too which was funny he is such a little kid but it’s cute and funny.

I started to look at myself in the middle and wow I looked like me but my features now more defined and improved to almost perfection my skin was paler of course and by eyes where brighter and everything was just wow not to have a big ego or anything. The guys stared at me in amusement and I punched Angel, Blake, Trevor, Sam, Romeo, Dave, Nick, Derek, Danny, and Ryan to test some of my strength on their arms since they loved to make fun of my reactions and I started to laugh when they said ‘ouch and that hurts’ “That’s what you guys get” I said laughing more. After a couple of minutes my grandpa left then the guys left shortly. I called my mom and talked to her and told her about Ryan, my cousin and the guys also how I got close to grandpa and everything I could think of except the vampire detail. After that I called Parker and told him every single detail since he’s left and how I almost died he went hysterical when he heard that and got so worried but when he heard that I became a vampire he got exited and

started to scream and he was like ‘oh my god I have to see you and I bet you are hotter now and RYAN’S your soul mate oh this is big I’ve got to see you’ it was so funny and then I got even happier because now he’s coming in a couple of days because he is going to start coming to this school.

Things with Ryan are going great and I am so happy we go out a lot and we get together with the guys and go everywhere but now a carnival or fair because they are so protective of me even though I am a vampire now. It’s sweet it is kind of like having a lot of older brothers and a say this because my cousin act‘s like my brother too its funny. And don’t get me started with Ryan every time a guy checks me out he pulls me closer to me and kisses me in front of them and up course I don’t mind. Parker got here today and we are going to the movies to see a scary movie which of course ‘I’ll be hiding my face on Ryan’s chest since I don’t like washing that type of stuff but they wanted to watch that movie and whenever I want something to to do something they do it without a complain so if they want to watch this then fine I am going to be nice and go with them since they

wanted me to. When we go out of the movies the guys started laughing and imitating parts of the movie. I got a phone call and Parker went with me a few steps away from them because he knew I was too scared to go alone after the movie we just got out off and the guys were playing around so he came with me. I opened my phone and Parker saw me shaking because the guys were scaring me and I hid my face on his shoulder because Ryan was playing around too. I checked my phone and saw that it was an unknown number so I answered the phone to see who would be calling me now.

“Hello?” I answered.

“Hi ma’ am I’m Ms.Cloe I’m calling from the hospital to let you know that you’re mom was in a car crash she is okay but she is in a temporary coma” she said

“Is she going to be okay?” I asked panicking.

“I’m not sure ma’ am” she replied.

“I’ll be there tomorrow I need to get the next flight” I sobbed.

“Ok” and with that I hung up after she gave me the details of where the hospital is.

I was scared for my mom I couldn’t just loose her like this. I started sobbing against Parkers shoulder, the guys stopped when they reached us and got a worried expression on their faces since they were joking around and stuff over their hadn’t noticed until now.

“What’s wrong?” Ryan came asking me I just shook my head against Parkers shoulder as he held me and I know he already knew because he could hear because of our good hearing. I just cried even more and let go of Parker and held on to Ryan as if it was for my life. When we reached out side I told him through them my mind silently and the guys noticed because Ryan was listening with a sympathetic face and held me closer I could feel his pain as he could feel mine though they were different pained because mine is for my mom and his because it hurts him to see me like this and feels what I do just like I do to him. ‘I’m going with you’ he told me through our connection and I nodded. We went home and he

carried me to our room and placed me on my bed and he told me that he would be back. He went and told the guys what was going on and told them to tell my grandfather then he made the arrangements for tomorrow in the afternoon. He packed my things and his and one big suit case for at least two weeks. Then he came and picked me up and placed me on the top of the counter since he knew I was too sad and depressed to do anything. He cleaned my face and gave me my sleeping cloth a pair of shorts and a tank top but I didn't want to do anything up course he urged me too and stood outside the door waiting for me to finish changing. I knew it was pointless to argue so I quickly changed to my cloth and just sat there. He picked me up and placed me on his bed with him and held me close to him I turned around and put my face against his chest wrapping my arms around his waist to hold him closer and just cried while he soothed me.

"Baby everything is going to be ok alright… your mom is strong" I nodded I knew she was she's going to be okay I thought and I felt slightly better.

“Sweetie I now this isn’t the time to say this but you haven’t had blood and you will get weak so you need to have some and being soul mates it will strengthen you faster” he said quietly.

“Okay” I whispered and he tilted his neck as he exposed his neck I gently kissed him on his neck and then bit and started to take his blood it tasted so good and sweet he held me tighter by the waist and I knew that he enjoyed it I licked the bite shut after a while so that it would stop the bleeding and kissed it. I knew he hadn’t taken blood for weeks now so I exposed my neck to him and let him know throughout connection to do it.

“Are you sure?”

“Yes-” I said and gave him a reassuring smile “-I’m sure don’t worry I recovered already”

He nibbled on my neck till he finally bit down and took my blood it felt really good and made our connection stronger. He groaned and I knew he wanted more but was afraid of hurting me so I held his head tighter to my neck so he could keep drinking

when he finished he sealed my bite and kissed my bite and he licked his lips and laid back next to me.

“Babe?” I asked.

“What?” he asked gently as he caressed my arm and my cheek.

“Do you think she will be okay?” I asked and he knew I was speaking of my mom.

“I don’t think she will be okay because I KNOW she will be okay, stop worrying everything will be fine now get some sleep your tired and you need to rest”

“Okay” and with that my eyes gently started to close.

"Do you think she will be okay?" I asked and he knew I was speaking of my mom.

"I don't think she will be okay because I KNOW she will be okay, stop worrying everything will be fine now get some sleep your tired and you need to rest"

"Okay" and with that my eyes gently started to close.

Start:

Claire's pov:

The next morning me and Ryan got ready quickly and grabbed our things and left to the airport. A couple of hours later we reached my moms house to drop of our things. Then we went on a cab to the hospital.

When we arrived I asked the reception for my moms rooms and me and Ryan quickly reached her room and as soon as I saw my mom like that just laying unconscious on the hospital bed I ran to her side and cried. Ryan quickly came to my side and pulled me up to hug me close.

'Shhh baby shhh don't cry' he said softly

A week had past and we both stayed by moms side the whole time except to eat and shower/bathroom.

We were both quietly sitting and I held my moms hand. Then I started to feel a small movement and saw her eyes open softly. I quickly pressed the button for the doctor to come.

'Mom, mommy wake up' I said

Ryan quickly got up when she tried to speak to get her water and brought it for her.

' sweety,what happened what are doing here?' My mom asked.

'Mom you were in a car accident ____ you've been in a comma I said softly still a bit teary eyes.

'What? For how long?' She said a bit scared

' it's okay mom, it was for a week'

She sighted in relief and then her eyes shifted to Ryan.

'And who might you be?' She said curious and winking at me lightly I think she's getting the idea.

'Hi ma'am I'm Ryan I'm you're daughters boyfriend,it's a pleasure to meet you' he said shyly. Awe how cute it was nice to see this side of him.

He went to shake her hand but instead my mom lightly pulled him In for a hug, 'oh hunny non of that you're family and you can call me mom'

And he grinned happily.

The doctor came in and checked on her they were gonna keep her for one more day to make sure everything was fine and then she could go home.

next day

So my mom got released and we where spending the day with her and the next day we would be leaving. My mom and Ryan got along so well it was like he

was her second son, I was so happy to see that they got along well.

The next day she hugged us both and kissed our faces all over and said that we better go back to visit her she said jokingly but with a hint of seriousness.

' up course mom' Ryan said to my mom, oh what a suck up haha.

'Okay mommy,love you' I said to her 'we'll visit promise' i said grinning.

We got into the cab after saying our goodbyes.

When we arrived at the plaine I kissed Ryan on the mouth and let go of him leaning my forehead against his and looked into his eyes ' thank you so much for being with me through everything, I absolutely love you' I said to him

'Same here babe I'm so happy I have you in my life' he said happily.

When we arrived everyone questioned us and were so happy to hear that everything was fine.

And tonight I think is the night I'm willing to go to the next level with Ryan after all he is my mate and we love each other so much. He stepped out with the guys for a couple of minutes wait till he gets back, he's gonna be getting a big suprise * wink wink*.
